

Practice notes

The council has a large number of practice notes on its website covering a wide variety of topics; these practice notes are designed to assist designers, practitioners and homeowners by providing guidance.

Below is a list of some of the practice notes available:-

- AC2201 Home based business activities
- AC2205 Change of use to existing buildings
- AC2209 Domestic smoke alarms
- AC2212 Siting, floor levels and surveyors certificates
- AC2219 Minimum apartment sizes
- AC2223 Timber barriers
- AC2224 Amendments and minor variations
- AC2231 Retaining walls
- AC2234 External and internal membranes
- AC2240 Infinity pools and other pools involving safety from falling
- AC2245 Definition of a historic building consent
- AC2251 Unreinforced brick masonry chimneys
- AC2257 Low-density poly-ethylene cesspits
- AC2258 Commercial and industrial liquid waste
- AC2262 Asbestos
- AC2240 Infinity pools and other pools involving safety from falling

Please remember that practice notes are updated regularly; therefore, always refer to our [website](#) for the latest version.
