

## World Masters Games 21-30 April 2017

### Notice of Event

World Masters Games 2017 takes place from 21-30 April, 2017 and as a resident or business in the Auckland central area there are a number of events taking place near you.

With 28 sports and 25,000 participants expected, World Masters Games is the single biggest multi-sport event on earth. It is the largest event New Zealand has hosted since Rugby World Cup 2011 and the largest event the country will host for at least the next decade. Participants will be travelling to the Games from more than 85 countries to compete across 48 venues throughout Auckland and the Waikato, and socialise at the Games Entertainment Hub at Queens Wharf. They will be here to experience all that Auckland and New Zealand has to offer.

This notice is designed to provide you with information specific to those events taking place in your area.

We acknowledge an event of this scale simply isn't possible without the goodwill of the surrounding landowners, businesses and residents, and we thank you in advance for your support in making this a successful event for participants and the region.
