

Welcome to the first issue of the “**Building Bulletin**” for 2015; I trust that there will be something of interest to you all in this bulletin.

Our customers constantly tell us that consistency is the most important thing for them; we hope that this bulletin will go some way towards achieving that goal.

Hot topics

- Accepting PS1 certificates as one means of confirming compliance
- News about the new on-line IQP register
- Saddle flashings
- Changes for residential construction
- Practice Notes
- Regional career opportunities in building control
- Lintel fixings; and
- Onsite wastewater system building consents

Ian McCormick
General Manager Building Control
