

Career opportunities in Building Control

Tradesmen, are you looking for a change; would you like to get off the tools?

Designers, do you want to put your skills to good use?

Auckland is experiencing a boom in construction and the Building Control department are seeking motivated individuals to join our team. We have a number of vacancies for inspectors, plan processing, compliance and enforcement officers. Ideally candidates will have a relevant building industry qualification; (eg. trade or advanced trade certificate in carpentry, architectural, engineering, spatial design, construction or project management, quantity surveying, etc). Full training and support will be provided to successful applicants

The work is interesting and varied; the opportunity to learn is never ending

Attributes:

- Ability to interpret Building Codes and building legislation
- Excellent written and oral communication and inter-personal skills
- The ability to interpret challenges as opportunities
- Proficiency in the use of Microsoft Office applications (Excel, Word, Outlook)
- Full drivers license (inspections only)

This is a wonderful opportunity for you to progress your career within the Building Control department where you will promote a safe, healthy and sustainable built environment across the Auckland region.

If this exciting opportunity reflects your next career move, please don't hesitate to apply today!
